

DENTAL TREAT

Dog & Cat – For all Life Stages

Recipe Claims

Added Natural Green Tea extract

Natural green tea extract has been added which is thought to help in controlling the bacteria which may contribute to poor oral health.

Contains Activated Charcoal

To help maintain white teeth and combat bad breath.

Contains Peppermint

To naturally help neutralise bad breath.

Contains Sodium Hexametaphosphate

This helps to reduce the build up of tartar by absorbing minerals required for tartar formation. Commonly found in whitening toothpastes.

Kibble Crunch

Bone-shaped kibble with crunch for oral care.

Added Vitamins & Minerals

Added Vitamins & Minerals which are essential for a pet's overall health.

Why Dental?

Pets' teeth can suffer from tartar build-up, which may also contribute to bad breath.

This recipe has been formulated to help reduce tartar build-up and promote good oral health.

Important: The information provided in this document is GA Pet Food Partners Ltd interpretation of Regulation No 767/2009 including amending Regulations 2017/2279 and 2018/1903. As with all legislation only courts can decide on the correct interpretation of the law. We would advise that you always seek legal advice when creating/printing new packaging, leaflets or websites. The statutory Analytical Constituents declaration parameters (i.e. Crude Protein, Crude Fat, Crude Fibre, Crude Ash) may be used for declaration purposes along with Moisture. Other parameters are intended as a guide and in order to declare extra figures we suggest that analysis work is carried out to confirm levels more precisely. Formulation updates: As information becomes available and in order to continually meet statutory analytical constituent declarations, formulations may have to be adapted to account for raw material variation and availability. There may also be other reasons outside of our immediate control (including but not limited to force majeure events) which warrant the change of a formulation to improve its suitability.
